It is up to the family to decide what classes they feel will be most beneficial to them and their situation. Courses from the "parenting" tab may also be used to complete this requirement.

[www.adoptionlearningpartners.org](http://www.adoptionlearningpartners.org)

"Let's Talk Adoption" is required for ALL AGAA families who have no prior infant adoption experience and who do not already have pre-adoption training hours outlined by their home study agency and/or social worker.

Families wishing to be considered for a trans-racial adoption, the course "Conspicuous Families" (or one similar to it) is required.

**\* NOTE:**

Families are not required to use this particular training program should their social worker or home study agency provide alternative training opportunities. All families are required to complete and send in their course training log once their social worker has approved/signed it.

This web site contains courses for prospective adoptive parents. The goal of Adoption Learning Partners is to complement the adoption information and resources provided by your adoption agency.

There are also classes under the "parenting" tab you may be interested in, and those are also an option to get your 10 hours of training in.
